

## Mission:

North Central Philadelphia Community Development Corporation NCP/CDC is a non-profit organization that strives to partner with other organizations.

- To develop affordable housing, land acquisition, employment training, and cultural arts expansion.
- To revitalize communities and establish employment training opportunities in under-served, poverty stricken low to moderate income neighborhoods.
- To establish neighborhood revitalizing in the arts, employment, sustainability and commerce.
- To offer employment training in the construction and buildings trades (physical and administrative areas).
- To expand further into training in the technology and commerce sectors.
